

COMPLIANCE OF HYDRAULIC TIPPERS

Hyphen Tech DPO systems enable your hydraulic tipper to be compliant with French law JORF notice n°0172 of 14 July 2020 (text n°80).

The status of your hydraulic equipment is displayed in the cabin on our compact screens visually and acoustically, on the vehicle's dashboard or directly with a buzzer.

Easy to install, take advantage of Hyphen tech's expertise and wireless technology.

SAFETY

WIRELESS SIDE PANEL OPENING DETECTION SYSTEM (DPO)

The Hyphen Tech DPO system enables your hydraulic tipper to comply with French law JORF notice n°0172 of 14 July 2020 (text n°80). The DPO controller can manage 3 side panels, providing a common buzzer alert and a warning light for the first 2 side panels (buzzer and warning lights not included). It can also be connected to the bodybuilder interface to control alerts and speed limits on the vehicle.
